Q1: Read the paragraph carefully, then answer the questions: (10 Points)

It's the last day of the school year and, next to the library, a group of young people, well-dressed in their school uniforms, are either looking around nervously or chatting and taking selfies. Exams are finished and everyone is waiting for their results. For them, it is the last day of school because they are not coming back next year. They are already looking for jobs or are excited about starting university after the school holidays.

Before that happens, however, the students want to celebrate the end of the year with their family and friends. Some are organising a gathering, and others are planning a celebration at home with their families. In any case, they can now take a break from their school uniforms and wear something smart. It is important to look good on a day like this. Nobody wants to dress casually or be underdressed.

In the school hall, Fadi, the editor of the school newspaper, is interviewing some school-leavers. Everyone seems happy, but how do they really feel? And how are they celebrating their hard work and success this evening? This is a day they will remember for the rest of their lives.
